Product Lifecycle – Letter No. 16/96 EM DG PRO Announcement of discontinuation and termination of delivery

By this letter we formally inform you about the present schedule of the discontinuation of EM DG PRO products. The products listed below are herewith announced to be discontinued in the future. During the phase-out period starting now the products are still available until the termination of delivery date, typically for 2 years unless otherwise stated. These products should not be used for new substation projects any more. Typically repair service is provided for a 5 years period after the announcement of discontinuation.

Product	Date of announcement of discontinuation	Termination of delivery date	Successive Product
7SD538	December 31, 2016	December 31, 2018	7SL87
7SJ689	December 31, 2016	December 31, 2018	Local 3 rd product

Note: Product discontinuations marked with grey colour have been formally announced earlier and are shown here for your convenience only.

Please inform your customers accordingly at a suitable occasion and help to switch over to the successive product.

Sincerely yours,

Product Lifecycle Manager
